Evaluating and analysing

### Key Vocabulary:

#### Primary colours

**Mix-** combining two or more colours together.

**Composition-** putting different elements together in a pleasing way.

**Texture-** a surface quality that is not flat.

### Sticky knowledge:

- The primary colours are red, blue and yellow.
- Secondary colours are made when primary colours are mixed together.
- Different amounts of paint and water can be used to mix hues of secondary colours.
- Composition means how things are arranged on the page.
- **Romare Bearden 1911-1988.**
- His work explored memories, everyday life and the idea the people should be treated equally.
- He used patterned paper in his collages.
- He layered other materials on top of the collage paper to create texture.

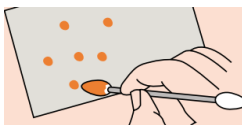

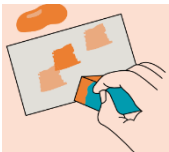

### I know how to:

- Mix a variety of shades of a secondary colour.

- Make choices about amounts of paint to use when mixing a particular colour.
- Use different painting tools like brushes sponges and cotton-buds, and different marks to create texture.

- Compose a collage by arranging and overlapping pieces for contrast and effect.

**Connections:** In Year 1 I learnt that the primary colours are red, blue and yellow. I learnt how to create shade by adding water or a lighter colour.
