

By the end of Year 1:

Autumn Term

- I know there are four different seasons with different weather types.
- I know winter is cold, wet and windy.
- I know spring brings warmer weather.
- I know that in summer, the weather becomes hotter
- I know the weather starts to get colder in autumn.
- I can tell you the months of the year.
- I can create a simple weather chart.
- I can group the months of the year into seasons and compare the seasons.
- I can collect evidence that shows which season we are in.

Spring Term

- I know the United Kingdom is part of the continent of Europe. The UK is an island.
- I know the UK is made up of four countries.
- I know the UK flag is 'the Union Jack'.
- The UK has human and physical features. Human features are made by people and physical features are made by nature.
- I can describe some of these human and physical features.
- I can label a simple map of the four countries of the UK and the seas and oceans around the UK.
- I know the names of some UK cities
- I can compare the countries of the UK.

Summer Term

- I can label map of the UK with some of its key features.
- I can create a map of the local area.
- I can look at maps and photos of the local area and ask questions about symbols that have been used.
- I can tell you about the main features of the local area.
- I can make links between the local area and the UK.
